Request For Continued Examination

The request filed on February 28, 2005 for a Request For Continued Examination (RCE) under 37 CFR 1.53(d) based on parent Application No. 10/678,200 is acceptable and a RCE has been established. An action on the RCE follows.

Allowable Subject Matter

Claims 1-18 are allowed.

The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention and finds that the claims define over the prior art. The cited prior art does not disclose or suggest the combined limitation of a process to form a stacked semiconductor device inter alia the limitations "...the wirings are formed adjacent to each other, each wiring comprises a first portion extending in a first direction, a second portion extending in a second direction different from the first direction and a corner at which the first and second portions meet, the first portions of the adjacent wirings are parallel to each other and the second portions of the adjacent wirings are parallel to each other and a clearance is formed between the adjacent wirings, wherein a protrusion is formed at the corner of the wirings and the protrusion faces the clearance between the adjacent wirings..."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
